BECOME A NAVIEN SERVICE SPECIALIST! -

Hands-On Technical Training for Tankless Water Heater Installers and Service Technicians

Thursday, Oct. 22nd | 9:00 AM - 4:00 PM

@ Mountainland Supply - Wichita | 620 S Washington Ave, Wichita, KS 67211

Lunch Provided • Limited Seating

WHAT YOU'LL LEARN

Build your technical knowledge of Navien's product line, with a primary focus on NPE tankless water heaters and the issues that most commonly lead to service calls and callbacks.

- Venting and termination
- Gas line sizing
- Water quality
- Proper setup & commissioning
- Control boards & start-up wizards
- Parameter settings
- Reading & clearing error codes
- Properly configuring units beyond default settings

HANDS-ON EXPERIENCE

During the second half of the training, each attendee will tear down and reassemble a Navien tankless unit. Hands-on participation is required to receive full course credit.

IMPORTANT ELIGIBILITY INFORMATION

This certification course is specifically designed for contractors and technicians who install and service tankless water heaters. It is not intended as a general continuing education class. Please register only if you actively work with tankless water heating systems. Completion of this course is required to become a Navien Service Specialist and qualify for listing on Navien's website.
